## WORKSHOP

MARCH  
6 & 7, 2025

\$295 | Savannah, GA

Rehabilitating Farmers & Ranchers with Disabilities  
for Occupational and Physical Therapists

Occupational and physical therapists along with other health care professionals play an important role in preparing farmers to return to work. This hands-on workshop will demonstrate ways to better serve the agricultural population.

Learn about farm culture, daily work demands, how to communicate effectively with your patients who are farmers, specialized assistive technology solutions and much more.

On the first day of the workshop you will learn about farm culture, the impact of disability, assistive technology, and much more. On the second day, we will have a fun-filled day touring area farms.
